

Providing a Child Safe Environment Policy:

POLICY STATEMENT:

Grays Point Activity Centre (GPAC) provides an environment that ensures the safety, health and wellbeing of children at all times. The welfare and protection of all children is of paramount importance. Educators will maintain the premises and equipment, adhere to procedures regarding safe practices and operate in line with legislative requirements relating to child protective practices and the Education and Care Services National Regulations and Law. Educators and management are aware of their legal responsibility as Mandatory Reporters to take action to protect and support children they suspect may be at significant risk of harm. Educators will ensure that children are adequately supervised at all times and that every reasonable precaution is taken to protect children from harm and any hazard likely to cause injury or trauma.

PROCEDURES:

MANAGING THE FACILITY:

SECURITY:

- Only approved employees and committee members will be given a key to access the building and equipment areas.
- A key register will be maintained that indicates the person's receipt of the key, date received, and date returned on completion of employment or completion of term as member of Management. If the Service is situated on a school site, Service will adhere to key registry requirements of the school.
- Extra keys will only be cut after agreement by the management and a record made of where they are.
- All monies and important documents will be kept in a lockable place and access will only be permitted by approved staff and management members.
- Educators will ensure that the building is left in a secure manner before leaving and all windows, cupboards, safe, and other relevant areas are locked. All heating and lighting is off and all doors properly secured.

- Electrical circuit breakers will be installed and be maintained.

- Maintenance reviews should be done as part of the Nominated Supervisor's report at each meeting.
- The Nominated Supervisor will also give a review of works completed by any tradesman employed, for future reference.
- It is the responsibility of management, once a problem has been raised, to ensure that it is rectified in the most efficient manner and that the Service is safe for Educators and clientele.
